

# Instructions: UTV Cargo Cover

Make adjustments to how the cover fits over your load bed by tightening or loosening the web straps.

Secure the straps by pulling the straps tight through the tension buckles. To release the straps, simply press on the tab on the buckle.

## **⚠ WARNING**

Make sure no part of your Cargo Cover comes close to the engine, exhaust system or any moving parts on your UTV.

## **⚠ CAUTION**

Make sure your load is secure and will not shift when using your Cargo Cover.

## **CAUTION**

Although your Cargo Cover is treated to resist and repel water, no fabric is completely waterproof. Wrap any items that can be damaged by water in plastic.

## **INSTALLATION**

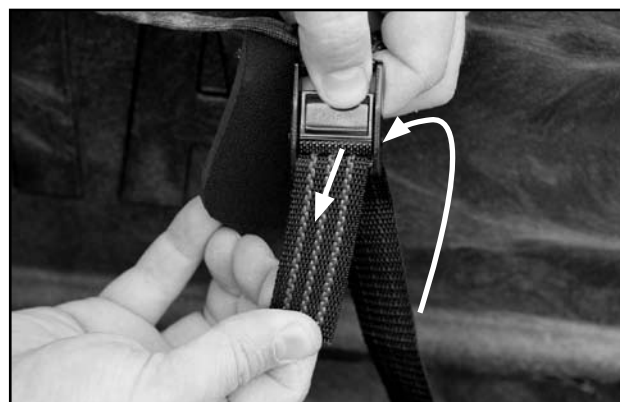

Your Cargo Cover is designed to fit a wide variety of UTV load beds. Unfold your Cargo Cover and position it to best cover the load in your load bed.

There are two ways of attaching your cover; by connecting the tension straps or by using the hooks on the straps.

Take the corner web straps wrap them around and under the body of the load bed and insert into the spring-loaded tension buckles. If you use the hooks, secure them to the frame or the body of your UTV. Leave the straps loose.

**MAKE SURE TO KEEP THE STRAPS AWAY FROM THE ENGINE, THE EXHAUST SYSTEM AND ANY MOVING PARTS.**

Secure the loose straps ends using the provided strap keepers. Fold or roll any loose web straps over upon themselves to form a 2-3 inch length end, slide the strap keeper under the folded length of webbing and secure with the rip-and-grip tabs.

## **CLEANING**

Clean your Cargo Cover with a soft brush and warm water. **DO NOT USE SOAP** as it can damage the protective coatings on the fabric. Air dry.

## **STORAGE**

To avoid mildew be sure that your Cargo Cover is completely dry before you store it for an extended period in an enclosed area.

## **WARRANTY**

Your Cargo Cover is factory warranted for workmanship and materials for two years after purchase.
